

Web Package Options...

Of course, we work very closely with our clients to provide a very bespoke solution for a website. However, for simplicity you maybe looking for a package that gives you all you need. Arranging a website for your business can be a very confusing experience and a drain on your time. So here at FireBrush, we provide the following packages to get you started, the aim here is to simplify the whole process. You can then leave the rest to us!

Discovery Pack

Our Discovery Pack is a starter package that is ideal for the new sole trader or the individual. We still make sure you get the right look and feel to match your branding or company theme. It's a good idea for you to let us use any existing logo's, images, advertisements and marketing materials etc..[Read More...](#)

Explorer Pack

Our Explorer Pack is aimed toward small to medium businesses. You may wish to promote yourself with a professional or corporate look to your site. We still make sure you get the right look and feel to match your branding or company theme. It's a good idea for you to let us use any existing logo's, images, advertisements and marketing materials etc..[Read More...](#)

Enterprise Pack

The Enterprise Pack is available for companies or organisations that require a fully content managed site. These are powerful, highly functional, configurable and feature rich systems. It enables the client complete control over content and can be edited and updated via a word processor type interface...
